[w] - work, workbook, week, well
[ae] - have, has, exam, schoolbag
[s] - subject, test, school, start, student, secondary
[a] - type, higher, private, child, primary

I live and study in a **boarding school**.

On Mondays, I have some **extra classes**. I come home late these days.

Every Sunday I **hang out with my friends**. We usually spend time in the park.

I always choose **optional subjects** to broaden my mind.

I often **brush up for a test** as I'd like to get great results.

I never **stay up at night** before a test. I think it's not effective.

I never had **detention**. It means that I am a good student at school.

Our teacher usually makes a **curriculum** before the school year.
It helps to understand what subjects we are going to have.

to stay up at night

a set of subjects students study during the year

to brush up for a test

to spend time with friends

not to sleep

a curriculum

to revise the material for the test

to hang out with friends

the way of punishment when children stay at school after classes

a boarding school

the type of school where children study and live during the school year

extra classes

the subjects students can choose from the curriculum

optional subjects

additional subjects at school

a detention
